

**HOW TO USE:**

The left side of the chart gives the amount of pesticide recommended for 100 gallons of water. The right side of the chart gives the amount of pesticide for 10,000 square feet.

Match the dose recommended by your pesticide label to the same rate on the left side of the chart. Read across to the right side of the chart for the amount of pesticide to use in 1 liter VK-1 Carrier Solution to treat 10,000 square feet.

Pesticide Label  
Recommendation  
for  
100 Gallons of Water

Use This Amount of Pesticide with  
1 liter of VK-1 Carrier Solution  
for 10,000 Square Feet.

**HOW TO USE:**

The left side of the chart gives the amount of pesticide recommended for 100 gallons of water. The right side of the chart gives the amount of pesticide for 10,000 square feet.

Match the dose recommended by your pesticide label to the same rate on the left side of the chart. Read across to the right side of the chart for the amount of pesticide to use in 1/2 liter VK-2 Carrier Solution and 1 1/2 liters water to treat 10,000 square feet. For plants in flower or sensitive plants use a ratio of 1 Part VK-2 + 5 Parts Water. Refer to page 15 of your pulsFOG® Manual.
